Welcome to Nurture Aqua Technology

Nurture Aqua Technology was founded in 2001, in Mumbai, Maharashtra, as a pioneer in bringing the probiotic culture for shrimp farming to India. It rapidly became the market leader in supplying probiotics for shrimp farming and continues to be at the apex till date. Since then Nurture Aqua Technology has evolved from just distribution to production of over 50 products in the field of poultry, dairy, swine, fish, shrimp, and other livestock. We at Nurture are constantly striving to provide innovative solutions to our customers by bringing in the latest in Environment Friendly Technologies and Services to their doorsteps. Our focus is producing innovative, quality products through an amalgamation of Ayurvedic Herbal ingredients and Modern Scientific Technologies. Our goal is to provide our customers with eco-friendly systems which not only enhances their processes & improves their operational environment but also elevates the health of their animal communities.
