## Welcome To Octa Lifesciences

OCTA LIFESCIENCES was established in year 2010 and introduced its quality products in Veterinary Feed Supplements. We produce the product as per GMP norms. We provide excellent services to valuable customers through our products with excellent quality and competitive price. With each passing day, we are moving ahead in the market of veterinary feed supplement and poultry through our effort to provide best quality product. We especially work on customer delight & customer focus. We are an ISO:9001, ISO:22000 & GMP certified company. We have marvelous exposure in agricultural exhibitions i.e. NDRI, Agricultural University Ludhiana, PDF Jagron, Muktsar, CII etc. Our main Objective is to promote the production of milk in animals by improving health & breeding capacity of animals which would be profitable to our valuable customers through our veterinary feed supplement products i.e calcium, Toxin Binders, Mineral Mixtures, Fat Boosters, Liver Tonic, etc.
