Welcome To Octane Biotech Pvt Ltd

Incorporated on 25th, MAY 2004, is a company registered under a company Act 1956 with the vision to produce quality products at economical rates for the welfare of society. With the aim to serve and redress the suffering of humankind, OCTANE BIOTECH marches ahead with qualitative approach. It all started with a dream. A dream to be a world class pharmaceutical company of India origin, which can match international standards on all counts. We worked towards our goal with full enthusiasm and commitment. As a result today, Octane Biotech has already made its presence felt in the pharmaceutical world. The India pharmaceutical industry is at the center stage in the global pharmaceutical arena and Octane Biotech is at the forefront in delivering the India-centric advantages to the advanced and developing countries of the world. We are committed to provide quality products at affordable prices to the patients worldwide with a view to help bring down line healthcare costs. We are confident that our efforts would see the company grow from strength in the global pharma space in the years to come. Octane Biotech offers wide range of products from its state-of-art plants including Tablets, Capsules, Injections, Syrups, Infusions, Ointments etc. The range is comprehensive enough as a single source for world range of products available in the market. Special emphasis is given for adhering to delivery schedules and inventory control by emphasizing on minimum order in level scheme and FIFO system. All these steps help our stokists / distributors in avoiding overstocking and utilizing their resource optimally. Octane Biotech strongly believes that real value can only be added by actually partnering customers to develop solutions which best meet the customers requirement. The company has ban internally evaluated on customer satisfaction and that is the most

important metric for us. We understand that in today's market customers have a choice, so it takes efforts to provide the best service to those who exercise their choice in us. Accordingly, Octane Biotech adopts a long term approach and invests appropriately.
