## Welcome to Orchev Pharma Pvt. Ltd.

Orchev Pharma Pvt. Ltd. established in 1989 as a single site operation, Orchev has a reputation for manufacturing Ranitidine as per the latest USP/EP/BP/IP. Its growth has been fuelled by relationships with global market participants that want to conduct business with a company that maintains high levels of quality. Since the beginning of operations in 1989, Orchev Pharma Pvt. Ltd. has quickly emerged as a leading manufacturer of high-quality of pharmaceutical raw material in the Gujarat State of India. What separates Orchev from other trusted manufacturers is not only that we manufacture excellent quality APIs and intermediates; provide excellent services to customers, which additionally includes small scale manufacturing of product for trial supply and full-scale manufacture for commercial supply. Orchev employs chemists, chemical engineers, microbiologists of the highest caliber and maintains the quality assurance standard. With the aim to manufacture high-quality Ranitidine, Famotidine, Telmisartan, and Levetiracetam, our organization has believed in continuous development and evaluation.
