Welcome To Panchvati Herbals

With very modest beginnings since year 1994, the promoters of Panchvati started with an age old and time tested formula for eradication of pimples and acne. This maiden product christened Panchvati pimple cream was instrumental in giving the brand the exposure and credibility, essential for providing the necessary thrust for future products. Within one year of the formal launch of the cream, it gained wide acceptance with letters of appreciation pouring in from various actual users. This legacy of researching nature formed the foundation of Panchvati's operations. Panchvati Herbal care is engaged as a manufacturer, exporter and distributor of a wide range of ayurvedic & herbal products comprising of skin care, hair care, health care, body spa, personal care and herbal massage products. Panchvati is one of the fastest growing herbal companies in India and is fast gaining relevance as one of the leading producers of Ayurvedic / Herbal products in the country. Since its Inception, Panchvati has dedicated itself to providing the highest quality and consistency by bringing a complete range of proprietary formulations focused on developing safe and natural remedies in herbal care.
