### Welcome to Parwes Pharma

Parwes Pharma is engaged in the manufacturing of Formulations (Finished Dosage Forms) in India. The Company is striving to place itself on a strong promising path by expanding its business strategically, strengthening its manufacturing facilities and enhancing capabilities across the organization. The Company is looking at various opportunities in untapped markets and association with business partners in the formulations Market to boost its Revenue. As a company, Parwes Pharma remains focused on Formulations Manufacturing business and will be looking to expand the same, both in the domestic as well as international markets. Parwes Pharma manufactures at the moment general tablets, coated tablets, bilayered, sustained

release, extended release tablets. Plan to manufacture capsules, antibiotic capsules, B complex capsules, dry syrup, and ointments very shortly Parwes Pharma has also planned to manufacture liquid, orals, injectables in future. Parwes Pharma today, has a well-built brand portfolio of products in various therapeutic segments, including high growth life style segments and Acute Therapy segments.
