Welcome to Pharm Products

Pharm Products had a beginning in 1956 with a vision of ‘PROMOTING HEALTH’. The founder Mr.G.Swaminathan, a pharmacy graduate, son of an eminent Doctor, and educated by his uncle a siddha exponent. This background made him focus on health considering both the systems of Allopathy & Siddha. In the days when siddha dosage forms were not contemporary, he with scientific research developed dosage forms in tablets and syrups. His vision saw the company moving from strength to strength.
