Welcome to Pharma Cure Laboratories

Pharma Cure Laboratories, a GMP certified unit is a 1987 establishment, specializing in Pharmaceutical Formulations. Since the very inception, the company has been consistently working towards fulfillment of customer requirements in the best possible way. We are among the preeminent Exporters, Manufacturers, Suppliers and Traders assuring prompt service, unparalleled quality and fair business deals. Our product spectrum includes Sodium Bicarbonate Injection, Oxytocin Injection, Tranexamic Acid injection, Hyoscine Butylbromide Injection, Noradrenaline Injection, Vitamin B12 Injection, Folic Acid And Niacinamide Injection, Vitamin C Injection, Multi Vitamin Injection, etc. Each formulation is prepared with the use of quality ingredients. Our business has grown by manifolds, owing to the hard work of our team. Our supportive team members have dedicated all their efforts to meet customer demands with precision and fulfill company objectives. What adds to our core competency, is our state of the art infrastructural unit. It houses all the amenities and latest technology. With the aid of modern machinery, we produce safe to consume and accurate medical formulations in the form of injections, drugs, etc. At the end of production process, final products (that have passed quality tests) are packed in premium quality packaging material.
