Welcome to Pharmafabrikon

Pharmafabrikon with 40+ years of significant growth in pharma industry started with three products under loan license to an array of oral liquids to a parade of capsules and tablets to a multitude injectables to a pattern of dry syrup. Our production started in a rented building and now upgraded to WHO-GMP accredited unit. Our transition is a recognition of commitment trust and reliability. By manufacturing quality products and practising ethical marketing, our products have effortless acceptance in the medical field. Our success is an integral part of 500 committed and acquiescent team. The year 2014 witnessed yet another milestone in our achievement. College of Allied Medical Sciences administration was taken over by us and conducting D-Pharmacy course. Efforts are being taken to start B.Pharmacy course in the next academic year.
