Welcome to Phenomenal Health

Phenomenal Health, a top supplier and manufacturer of DCGI-Approved formulations, including injections, tablets, and new medications, has established a presence in the Indian pharmaceutical market. The product line includes analgesic, anti-infective, antibiotic, anti-allergic, and anti-viral drug formulations. Our company also offers medications for gastrointestinal, cardiovascular, ulcerative, and antiemetic conditions, among other conditions. The available products include nasal sprays, Pharmaceutical Capsules, Vitamin B12 With Folic Acid Tablets (Fol M), Multivitamin Antioxidant Tablets (OXIN), and more. Our company has a significant presence throughout India and focuses primarily on providing top-notch pharmaceutical products at competitive prices. Since its incorporation in 2016, our Gujarat, India-based company has maintained a strong presence in numerous states, spanning the east, north, and west. We also hold a significant market share. Our team can lead the race thanks to modern infrastructure, a competent team, tried-and-true procedures, and ethical business practices. We have become a well-known brand in India thanks to our persistent efforts, sound business judgment, and vision for the future. We also take pride in our dedication to enhancing the quality of life and health nationwide.
