## Phyto Life Sciences P. Ltd.

Phyto Life Sciences P. Ltd. is a creative factory of botanical minds. we are born with crystal clear motive to combine phyto science and life science (Ayurveda). In the early 21st century, the worle once again turned back to traditional medicines and created the necessity to build a bridge to deliver flavours of forests into the health pack. Now it was a challenge to interface Ancient Ayurveda with Modern Pharmacognosy on a single platform.
