Welcome to Proventus Life Sciences

Proventus Life Sciences, a distinguished manufacturer of Active Pharmaceutical Ingredients (APIs) and Intermediates, proudly serves a global clientele that spans multiple nations and regions across the world. We are strategically located 30 kilometres from Chennai Airport which ensures swift and efficient international operations. The total area of the site is 5.3 acres and is in the leading industrial belt. Our plant is fully GMP compliant and has local FDA & WHO GMP Certification. We have CEP filed for some of our key APIs. Formerly known as Curekraft Chemicals, Proventus Life Sciences carries a legacy dating back to 1979. Our core strength lies in our ability to develop complex molecules, a testament to our expertise in the pharmaceutical landscape. We have a full-fledged R&D and we blend scientific innovation with steadfast dedication, making us the preferred partner for many pharmaceutical companies.
