Welcome to Pulse Pharmaceuticals Pvt. Ltd.

We listen and understand patient's problems associated with current drug therapies and design drug delivery strategies to overcome them. Develop Nano therapeutics, Nutri therapeutics by using cutting edge proprietary technologies there by favourably modulating kinetic profile of drugs either to produce superior therapeutic effect and or better tolerability profile. Develop technologies for cost effectively producing speciality and complex generic products. Manufacture quality products in facilities (both in house and out sourced) compliant to stringent regulatory standards. Market products directly or through strategic partnerships across various geographies around the world.
