Welcome to Rangam Pharmaceuticals

Rangam Pharmaceuticals founded by Mr. Krunal Darji located in Vadodara, Gujarat. Rangam pharmaceuticals is leading the way to a healthier future with products that touch the lives and improve the well being of people and communities around. We develop breakthrough medicines that tackle unmet medical needs, we adopt positions and advocate for changes that will improve access to these products and we find new ways to do the right thing for our constituents. This is particularly important today, because we live in a resource – scare environment. Every rupee, every dosage , every drop of water count. Rangam Pharmaceuticals was established in the year 2010 and since we have emerged to become a strong organization that our customers can entrust.
