Welcome to Relief Phytopharmaceuticals

Relief Phytopharmaceuticals is situated at the M.I.D.C area of Nashik, about 180 kms from the city of Mumbai . The factory building is a 600 cubic meter RCC structure that houses a plant and machinery that confirm to the cGMP WHO standards. Our unique self-designed machinery requires minimal human intervention and maintains high levels of aseptic conditions. The plant is supported by a WHO standard laboratory, which supports the R and D cell of the company. We manufacture, using natural filters, Aloe Vera Juice, that is clear, transparent and devoid of any bitterness. This juice is further processed into concentrates, gels, and hair lotions (shampoos). These products are the result of a four-year grueling research and stand their own in terms of quality and efficacy of results.
