Welcome to Renova Lifesciences Pvt. Ltd.

We started in 2005 as a small marketing company with a limited regional presence. Today, our products are sold in over 28 countries across 5 continents. We started with only 6 products. Today, our volumes exceed 10 million units of products owned and promoted by Renova, and another 6 million units of products manufactured under contractual arrangements. Currently, Renova serves multiple therapeutic segments including Ophthalmology, Dermatology, Nasal , Respiratory and Cosmeceuticals. Our manufacturing facility is spread across a land area of 2.25 acres. The manufacturing space currently is 27,000 sq. feet approximately.
