Welcome to Sangrose Laboratories Pvt. Ltd

Sangrose Laboratories Pvt. Ltd. was incorporated in the year 1987 and is the World's Largest Manufacturer of Clofazimine API, along with formulation units for other dosage forms including Tablets, Capsules, Creams, Ointments, and Liquid Orals. We partner with WHO for its Leprosy Eradication Program, and also with the National Leprosy Eradication program for eradicating Leprosy through the supply of both Clofazimine API and capsules.
