Welcome to Schon Pharmaceuticals Limited

Schon Pharmaceuticals Limited is a very reputed public limited company by profession, situated in Indore, India with expertise of more than 30 years into pharmaceutical manufacturing and product development. Since inception, the company has been growing with innovation and excellence in the healthcare sector. It has developed and marketed a huge portfolio of products extending over 450 items to date that serve the needs of the international as well as domestic markets. Because of the company's commitment towards quality and compliance, it enjoys a reputation for reliability and trustworthiness in the Indian part of the pharmaceutical industry. An experienced team of professionals constantly works on research and development to bring some innovative formulations and the expansion of the already existing product range. The company sells its products more efficiently thanks to its widespread distribution network and strategic partnerships running along various geographies.
