### Welcome To Schwitz Biotech

Established in the year 1998, Schwitz Biotech, is engaged in manufacturing, importing, trading and exporting of a wide range of pharmaceutical formulations to our clients that includes Antibiotic Drugs, Quinolones, Cephalosporins, Antacids, Anti-Ulcerants & Laxative, Appetite Stimulants Enzymes, Intravenous Fluids, Injectable Products, V.Fluid, Sterile Water For Injection, Nutritional Food ISupplements, Vitamins, Minerals, Antioxidants, Ginseng, Herbal, Medicated & Fairness Soaps, Aloe vera Creams, Cosmetics and Inorganic Chemicals. These are extensively used in medical and health care industries for curing both chronic and acute ailments. The entire range is processed using quality

ingredients such as API that is procured from reliable vendors to ensure the quality of the end product. Our state-of-the-art Manufacturing unit followed by our dynamic production policy enables us to formulate the medicines in accordance with WHO, FDA and GMP quality standards. Our team of highly qualified professional keeps essential factors such as hygiene, cleanliness and side effects of the products in mind during the formulation process. Moreover, we are also reckoned for marketing and supplying of a range of formulations including food supplements, life-saving injectables, and ayurvedic drug delivery systems across the world. Our entire range is catered to the markets of India as well as in Nigeria, Sierra Leone, Republic de Guinea, Liberia and CIS countries. We are progressing under the able guidance of our owner Mr. Rakesh Bhattacharjee, whose rich industry experience and knowledge have enabled us to carve a niche in the industry. With his support, we are able to export our products to some of the prominent clients throughout the world.
