Welcome to Shree Anand Life Sciences Ltd.

To expand the business with modern technology and cGMP as per Regulated Guidelines a new facility was erected in the Industrial suburb of Belagavi City located at Plot No 63 A & B, Honaga Industrial Area, Honaga. This industrial suburb is about 15 km from City Center and about 20 km from City Airport. The new facility was renamed Shree Anand Life Sciences Ltd (SALSL). The plant is located amidst lush green surroundings. No other polluting industries are situated surrounding or near the plant. The plant is spread over 2 acres of land. Belagavi City – It is located at the border of two states, Maharashtra and Goa on the Western Ghats. The City is listed amongst the first 100 smart cities. Belagavi is considered as the commercial and divisional headquarters of North Karnataka and is one of the most developed region of the state. Weather conditions are favorable for the manufacture of Pharmaceuticals with the maximum temperature during summer being about 35°C and about 26°C during winter with adequate rain fall during rainy season
