Welcome To Siddon

Siddon is a leading Bangalore based company providing solutions in the field of animal nutrition care. We take pleasure in extending our wings in the poultry industry also by manufacturing poultry farming equipments. Over the years we have taken great care by not only producing quality products but also offer our best services to our esteemed customers.We have always ensured in keeping pace with the evolving changes in the animal health segment and the farming industry by concentrating & expanding on the available resources and also maintaining a healthy work culture. We have created a highly efficient centre of competence and specialized knowledge covering the sectors in animal health care and poultry farming thus enabling us to perform both at the national and international level.
