Welcome to Sky touch perfumes

Established in the year 1998, we, Sky touch perfumes, are engaged in manufacturing, supplying and exporting a wide range of perfumes and fragrances. Our range includes soaps & detergents fragrances, toilet soap fragrances, detergent fragrances, scouring & washing bar fragrances, liquid soap fragrances, cosmetic fragrances, incense stick fragrances, candle fragrances, scented candles, personal perfumes and fragrance perfumes. These rich and aromatic fragrances are used for different applications in cosmetic industry, in the manufacturing of soaps and detergents and in incense sticks. The products we formulate are within the IFRA/ GRAS guidelines. Our organization has been able to cater to the growing demands of the market with a diverse range of perfumes and fragrances. The fragrances we formulate are a result of extensive lab work done by our team of chemical experts. We have developed new and improvised techniques for the formulation of our fragrances and perfumes. All the products we formulate are tested for their end use by our professionals. For client satisfaction, we produce fragrances as per their requirements and suggestions. Due to the quality standards and exclusivity of our products, clients from within India have shown wide appreciation for our organization. We have attained a top notch position in the fragrance and perfume industry under the competent leadership of our mentor, Mr. Bhavin Patel. His knowledge about this subject and his industry experience have taken our organization to the path of success.
