Welcome to Skylarr Labs Private Limited

Skylarr Labs Pvt. Ltd. was established in 2012 and has developed into a household name in the pharmaceutical industry, working actively for the cause of health across India. Deep-rooted commitment to quality, innovation, and affordability creates a wide enough base to channel high-quality medicines that reach the patients needing them from one end of the nation to the other. Commitment to safety, efficacy, and quality has blessed the very rich portfolio of over 150 products, each of which has undergone vigorous testing. Skylarr Labs believes health care is affordable, effective, and of good quality. An efficient team with a solid back-end works together with doctors, pharmacists, and medical professionals to develop and distribute a range of medicines targeting various therapeutic segments. We believe that the R&D pipeline being very strong will build in new products to catch relevance in a rapidly changing field of pharmaceuticals. With advanced manufacturing facilities and all regulatory approvals from GMP and ISO, we are greatly assured that issuance of any product into the market is quality-controlled to the highest standards. We continue our investments in modern technologies, ensuring maximum efficacy and safety. Customer satisfaction is the foundation of the entire service structure. Our relentless customer support team does not leave any stone unturned to facilitate the seamless delivery of health services and medicines via healthcare providers' rights to the patients. Through this, we want to build a long-term relationship with healthcare professionals, distributors, and stakeholders with a collaborative approach toward a

healthier future. Sustainability is vital to Skylarr Labs. We practice environmental safety procedures to minimize impacts on the environment during the manufacture of medicines as anything being up to standard. Green technology and sustainably sourced materials work hand in hand for a healthier lifestyle and a happier planet. The organization is focused on making medicines that are safe, effective, and affordable against the diversifying healthcare needs of its patients. The thrust will be towards exceeding all customer expectations while keeping the highest standards in the industry so that each of its products becomes a relief aid to life.

Together with partners in health care, we aim to build a healthier and sustainable world one breakthrough at a time.
