Welcome to Stericon Pharma Pvt. Ltd.

Stericon is an ISO 13485 certified company by DNV GL Presafe, Norway. Stericon's Contact Lens Cleaning Solutions are CE certified by DNV GL Presafe, which certifies that the products comply with the applicable requirements of the European Medical Device Directive. The CE Certificate authorises the free movement/marketing of Stericon's Contact Lens Cleaning Solutions in all European Union countries. Stericon is also BRC (British Retail Consortium) Certified by SGS, UK. This certifies Stericon to supply to UK retail chains through a strategic manufacturing alliance with EM Pharma UK for supply to Tesco, Boots, etc. The Stericon manufacturing facility in Bangalore has also been audited and approved by TESCO, UK, Morrisons and other UK retail chain stores. Stericon is a member of SEDEX, UK (Supplier Ethical Data Exchange) and is committed to continuous improvement of its ethical performance. Stericon also undergoes yearly Social and Ethical audits by various international organisations.
