Welcome to Strides Pharma Science Limited

Headquartered in India, Strides Pharma Science Limited is a pharmaceutical company with a major focus on development and manufacture of IP-led niche finished dosage formulations. It is also among the world's largest manufacturers of soft gelatin capsules. With world-class manufacturing facilities, an innovative R and D hub in Bangalore and a robust commercial platform to market products globally, Strides has earned a reputation for building and scaling profitable businesses in a short span of time.
