Welcome to Vardhman pharma

Vardhman pharma along with its unit Time Pharma Research, a GMP and GLP certified company established in the year 1992 with vitamin pellets (double coated) under nitrogen manufacturing facility which was the 1st time in India. Now the company under the leadership of Mr. Suresh Chandra Jain has expanded to cover various segments like Activated Nickel Catalyst (Ready to use), Activated Raney® type catalyst, Raney®/ Sponge Nickel Catalyst, metal hydrogenation catalyst, bulk drugs, pharmaceutical formulations and intermediates that are supplied globally. Vardhman and Time combined their ranges and have since developed their products on a continual basis. The combined resources and greater emphasis on the quality forms a strong

base for the future. The group has leveraged and invested in the manufacturing capital through its 3 manufacturing facilities in Udaipur, Rajasthan, India that are GMP and GLP certified. This has facilitated the company to have a reach over 250+ cities across India through a network of committed distributors, branches and agents. Now the company is the largest manufacturer of Finest Raney® Nickel Catalyst in Asia (including China). The company follows strict principles of customer satisfaction through leadership in life science, high technology and service.
