Welcome to VITHALDAS NARAYANDAS & SONS

Manufacturers of high-quality agarbatties (incense sticks) , dhoops, attars, perfumes and other items for worship and spiritual use. Nested in Pune, the peaceful and cultural capital of India, we have managed to serve incense lovers with premium quality incenses with a wide variety of natural fragrances. For over a hundred and twenty-five years we are manufacturing ‘ special hand-rolled agarbatties ‘ (incense sticks) with the skillful use of selected varieties of Indian herbs, resins, and natural essential oils. Most of the fragrances are made as per traditional ancient recipes and all the incenses are hand-rolled by skilled workers.
