Welcome to VITHALDAS NARAYANDAS & SONS
Manufacturers of high-quality agarbatties (incense sticks) ,
dhoops, attars, perfumes and other items for worship and
spiritual use. Nested in Pune, the peaceful and cultural
capital of India, we have managed to serve incense lovers
with premium quality incenses with a wide variety of natural
fragrances. For over a hundred and twenty-five years we are
manufacturing ‘ special hand-rolled agarbatties ‘ (incense
sticks) with the skillful use of selected varieties of Indian
herbs, resins, and natural essential oils. Most of the
fragrances are made as per traditional ancient recipes and all
the incenses are hand-rolled by skilled workers.
