## Welcome to Vlakshya Softsat Solutions Private Limited

With Industry Automation 4.0 in vogue, we already have Industry Automation 5.0 complementing, transforming the Industry from Industry Automation to Industry Digital Automation. Industry 4.0 is driven by Cyber-Physical Systems. These are enabled by IoT, Big Data, AIML, CyberSecurity, Robotics, Smart Machines, and ERPs becoming i-ERP. However, Industry 5.0 brings back humans to these machines, enhancing their experience and value as customers, producers and supply chain operators.
