Welcome to Xender BioPharma & Research

Xender BioPharma & Research is started in the year 2016 January, a leading Manufacturing & Trading company, associated with renowned WHO-GMP Certified Plant based in the state of Pharma HUB in India (Gujarat-State) having its registered office at Surat. as the eminent name, we responsible for manufacturing, supplying, distributing, and exporting the pharmaceuticals products. Our motto is “QUALITY MEDICINES FOR QUALITY LIFE”. Under our offered range, we have included pharmaceuticals tablets, capsules, syrups and injectables right now. These drugs art at formulated using qualitative & active ingredients under

extreme hygienic condition, so that outcome given to our customers must be pure, effective and affordable for their healthcare needs. In the process, we also attract distributing agents for our product range for easy and convenient supply to the patient. Our quality and wide range of medicine (which is to be manufactured in the one of the best plant) is asked in overseas market and thus we are planning to export them globally. We Xender Biopharma & Research LLP are having an Umbrella with multiple variety of Healthcare & Lifecare Products. Xender Biopharma & Research LLP offers a wide range of products on OEMs, Brands. Generic Formulations, pharmaceutical formulations including Neutraceuticals, herbals, allopathic, surgical products, supplements, OTC etc.
