Welcome To XIEON Life Sciences Pvt. Ltd.

XIEON was established in the year 2006 with the prime objective of Manufacturing, Marketing, Promoting of Pharmaceutical Specialities and making medicines available also to the man-kind living in the farthest interior and remote places. Last one year the Company has made progress and is today a leading Pharmaceutical Company in the area of Health Care. In the pharmaceutical industry, consumer protection assumes special significance because the purchaser of a drug product has no way of knowing whether the medicine/drug he has purchased and intends to use will be safe and effective. With a view to maintaining quality of our products XIEON has adopted a policy of operating the pharmaceutical manufacturing under control of a Quality Management System installed and operating as stated in the Quality System Manual. The purpose of the policy is to ensure that all strict measures and standards which are legal as well as jointly set by the customer and our own. Today we have over 1,20,000 Square meters of manufacturing area in all. All our manufacturing units are ISO 9001:2015 and WHO-GMP & c-GMP certified. Today we have successfully ventured into nutraceuticals, cosmetics, injectable, medicines, and Herbal preparations. We are serving in the domestic market with our own renowned number of divisions and through contractual manufacturing. Apart from this we have also established our self in international market by serving the 15+ countries. We have already reached the benchmark of \$20 million in the year 2015. Our futuristic agenda is to serve more countries with more good quality products. The company employs approximately 550 employees at its three manufacturing facilities. The strength of our organization is our highly committed and experienced team. Throughout the years, XIEON has been able to attract and retain

the best talent in the industry. You will learn that our staff pays the same professional attention to all the projects and through a personal commitment; our company achieves a very high level of reliability.
