Welcome to YASH PHARMA LABORATORIES PVT. LTD.

YASH PHARMA LABORATORIES PVT LTD is a pharmaceutical company located at Mumbai, the commercial capital of India, and also the capital of state of Maharashtra. Yash Pharma owes its origins to the entrepreneurial vision of a U.K trained clinician, late Dr. N.M. Shah, M.D, M.R.C.P whose special interest was treating Tuberculosis. Incorporating the company in 1972, he named it YASH, after his son Yashodhan. “Yash” also connotes in Sanskrit “attainment of an exalted status through hard work.” A doctor–entrepreneur that he was, Dr. Shah dedicated Yash to alleviating the sufferings of patients through Medicines and Healthcare.
